

## Pictogram Blending Exercise

Each pictogram card should be read as its individual phoneme first, then slowly blended to the next.

When blending pictogram cards into words, spend time elongating each sound and slowly transitioning into the next.

Additional real or nonsense words can be made for extra practice by rearranging the cut-out pictogram cards into V-C or C-V-C words. Cut-out Pictogram Cards can be found in the Resources section at the end of this book.
